

INSTRUCTIONS TO BIDDERS
Locally Funded Contracts (Over \$1m – CWTA)

The bidder shall carefully examine the instruction contained herein and satisfy himself/herself as to the conditions with which he/she must comply prior to bid and to the conditions affecting the award of contract.

The bidder's attention is directed to the City of Stockton "Standard Specifications and Plans" (http://www.stocktongov.com/files/Standard_Specifications_2016.pdf) for additional detailed information regarding the project requirements.

1. COMPETENCY OF BIDDERS

(a) **LICENSE** - Bidders must be properly licensed in accordance with the laws of the State of California.

(b) **CONTRACTOR REGISTRATION REQUIREMENTS**- Pursuant to Labor Code Section 1771.1, a contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in Labor Code Section 1720, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of Labor Code Section 1771.1 for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Labor Code Section 1725.5 at the time the contract is awarded.

Only vendors/contractors that are subject to the public works statutes would be required to register. A&E firms that are not doing or subcontracting out tasks subject to public work requiring prevailing wages are not subject to registration and public works laws. Design work is not subject to prevailing wages and, therefore, not considered public work, and the firm does not have to register. For example, A&E tasks that are subject to public works laws would be surveying, soil testing, material testing, and building/construction inspection, as there are prevailing wage determinations for these works.

No contractor or subcontractor may be awarded a contract for public work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code Section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

Department of Industrial Relations- Contractor Registration information and web link: <http://www.dir.ca.gov/Public-Works/PublicWorks.html>

In compliance with Senate Bill 854 and the California Labor Code, all bidders shall include with their bid proof of registration from the Department of Industrial Relations that includes the contractor's legal name, registration number, license type/number, registration date and expiration date, for every contractor and subcontractor, regardless of tier. For subcontractor proof of registration that could not be included with the bid, the contractor will be allowed to submit subcontractor registration proof no later than four business days after bid opening (Bid Forms).

This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Contractors must submit their certified payroll records directly to the Division of Labor Standards Enforcement Compliance Monitoring Unit, as well as the City of Stockton.

2. EXAMINATION OF PLANS, SPECIFICATIONS AND SITE OF THE WORK

(a) **CONTRACTOR'S RESPONSIBILITY-** The bidder shall examine carefully the site of the work and the plans and specifications therefore. He/She shall investigate and satisfy himself/herself as to conditions to be encountered, the character, quality and quantity of surface, subsurface materials or obstacles to be encountered, the work to be performed, materials to be furnished, and as to the requirements of the bid documents and the plans and specifications of the contract.

(b) **RESPONSIBILITY FOR UTILITIES-** As part of the responsibility stated in Subdivision 2a above and without limitation thereon, the Contractor shall be responsible at his/her own cost for any and all work, expense of special precautions caused or required by the existence or proximity of utilities encountered in performing the work, including, without limitation thereon, repair of any and all damage and all hand or exploratory excavation required. Attention is directed to the possible existence of underground facilities not known to the City or in a location different from that which is indicated on the plans or in the special provisions. The Contractor shall take reasonable steps to ascertain the exact location of all underground facilities prior to doing work that may damage such facilities or interfere with their service. If the Contractor discovers underground facilities not indicated on the plans or in the special provisions, he/she shall immediately give the Project Manager written notification of the existence of such facilities. Such facilities shall be protected from damage as directed by the Project Manager, and the Contractor will be paid for such work as extra work.

Where it is determined by the Project Manager that the rearrangement of an underground facility, the existence of which is not shown on the plans or in the special provisions, is essential in order to accommodate the improvement, the City will provide for the rearrangement of such facility by other forces, or such rearrangement shall be performed by the Contractor which will be paid for as extra work.

The bidder is cautioned that such utilities may include high pressure fluid pipe lines, communication cables or electrical cables which may be high voltage and the ducts enclosing such cables, and, when working or excavating in the vicinity thereof, the special precautions to be observed at his/her own cost shall also include, but may not be limited to, the following: All such cables and their enclosure ducts shall be exposed by careful hand excavation so as not to damage the ducts or cables nor cause injury to persons, and suitable warning signs, barricades and safety devices shall be erected as necessary or required.

3. DISCREPANCIES OR ERRORS

4. ADDENDA OR CLARIFICATIONS

Within ten (10) days after the award of the contract, the City of Stockton will return all bidder's security accompanying the bid that is not to be further considered in making the award. Retained bidder's security will be held until the contract has been fully executed.

If the bidder fails or refuses to enter into the contract to do said work or furnish said supplies or to furnish the required bond within ten (10) days after the awards shall have become final, then the cash, cashier's check or certified check shall be forfeited to the City as liquidated damages and shall be transferred to the general fund, or the obligation of the bidder's bond shall be enforced and the proceeds placed in the general fund. Title VI of the Civil Rights Act of 1964 requires that "no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance." (42 USC Section 2000d). <http://www.dol.gov/oasam/regs/statutes/titlevi.htm>

The City of Stockton is committed to complying with the requirements of Title VI in all of its federally funded programs and activities (Bid Forms).

7. QUALITY ASSURANCE

9. SUBCONTRACTING

The Contractor shall perform with its own organization contract work amounting to not less than **thirty percent (30%)** of the original total contract price, except that any designated "Specialty Items" may be performed by subcontract, and the amount of any such "Specialty Items" so performed may be deducted from the original total contract price before computing the amount of work required to be performed by the Contractor with its own organization. When items of work in the Bidding Schedule are preceded by the letter (S), said items are designated "Specialty Items." Where an entire item is subcontracted, the value of work subcontracted will be based on the contract item bid price. When a portion of an item is subcontracted, the value of work subcontracted will be based on the estimated percentage of the contract item bid price, determined from information submitted by the Contractor, subject to approval by the Project Manager.

Before work is started on a subcontract, the Contractor shall file with the Project Manager a written statement showing the work to be subcontracted, the names of the subcontractors and the description of each portion of the work and the dollar amount to be so subcontracted.

10. LABOR STANDARDS PROVISIONS/CALIFORNIA LABOR CODE

The bidder shall understand that conditions set forth in Chapter 1, Part 7, Division 2 of the California Labor Code shall be considered part of the contract agreement. https://leginfo.ca.gov/faces/codes_displayText.xhtml?lawCode=LAB&division=2.&title=&part=7.&chapter=1.&article=2.

(a) **PREVAILING WAGE RATES** - The prime Contractor to whom the contract is awarded and any subcontractor must pay the general prevailing wage rates as ascertained from time to time which shall be applicable to this project. Prevailing wages are required for locally funded projects over \$15,000 (for repair, maintenance) and over \$25,000 (for new construction). This is in compliance to SB7, as the City of Stockton is a Charter City. In accordance with the provisions of Section 1773 of the Labor Code, the Director of the Department of Industrial Relations of the State of California has determined the general prevailing rates of wages and employer payments for health and welfare, pension, vacation, travel time, and subsistence pay as provided for in Section 1773.1, apprenticeship or other training programs authorized by Section 3093, and similar purposes applicable to the work to be done.

The contractor performing the work shall be responsible for obtaining a copy of the State wage rate determination. State wage rates may be obtained at:

The contractor shall be responsible for posting said wage rate at a prominent location at the work site and shall maintain same in a good readable condition for the duration of the work. In those projects where federal funds are involved, as indicated by reference to or the inclusion of the federal Wage Determination in these "Instructions to Bidders," the minimum wages to be paid shall be the highest of either the State or federal prevailing wage rates.

Should the contractor choose to work on a Saturday, Sunday or on a holiday recognized by the Labor Unions, the contractor shall reimburse the City of Stockton the actual cost of engineering, inspection, superintendence, and or other overhead expenses which are directly chargeable to the contract. Should such work be undertaken at the request of the City, reimbursement will not be required.

(b) PAYROLL RECORDS - The prime Contractor to whom the contract is awarded shall insure that the prime and each subcontractor will, in accordance with Section 1776 of the Labor Code, maintain certified payroll records. A copy of said records shall be provided with each invoice to the Public Works Department, Attention: Contract Compliance Officer. It shall be the prime contractor's responsibility to obtain copies of the current prevailing wage rate determination for all subcontractors. Additionally, certified payroll records must be uploaded to the DIR website as required by the Labor Code.

(c) APPRENTICESHIP STANDARDS - The prime Contractor shall comply with the provisions established in Section 1777.5 of the Labor Code concerning the 1) certified approval by local joint apprenticeship committees for the employment and training of apprentices, and 2) contribution of funds to administer and conduct apprenticeship programs.

11. BID ITEMS

The listed bid quantities are approximate only, being given as a basis for the comparison of bids, and the City of Stockton does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work or to omit portions of the work, as may be deemed necessary or advisable by the Project Manager.

Bids are required for the entire work. The amount of the bid for comparison purposes will be the total of all items. The total price for each bid item will be determined by extension of the unit price bid, multiplied by the estimated quantity set forth for the item. In case of a discrepancy between the item total price and the total determined by extension of the unit price bid, multiplied by the estimated quantity, the unit price shall prevail. However, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price. The total for lump sum items or lump sum bids shall be the amount set forth in the "Total" column.

All bids shall include for each item of work, in clearly legible figures, a unit price and a total price for the item in the respective spaces provided. Illegible or ambiguous figures shall be cause for rejection.

In determining the amount bid by each bidder, the City may correct mathematical errors in addition, subtraction, multiplication, and division that appear obvious on the face of the Bid. When such a mathematical error appears in the Bidding Schedule, the City shall have the right to correct such error and to compute the total amount bid by each bidder on the basis of the corrected figure or figures.

When any item, for which an item unit price and/or an item total price has been included in the Bidding Schedule, is omitted from the total bid, the item total price shall be added to the total bid to arrive at a corrected total bid.

If, for any item, both the item unit price and the item total price are omitted from the Bid, then it shall be deemed incomplete and nonresponsive, and the Bid shall be disregarded.

12. WITHDRAWAL OF BIDS

Bids may be withdrawn at any time up to official bid opening only upon written request to the City Clerk.

13. PUBLIC OPENING OF BIDS

Bids will be publicly opened and read at the time and place indicated in the "Notice Inviting Bids." Bidders or their authorized agents are invited to be present.

14. REJECTION OR IRREGULAR BIDS

When bids are signed by an agent other than the officer or officers of a corporation authorized to sign contracts on its behalf, or are signed by an agent other than a partner of partnership, or by an agent for an individual, a Power of Attorney must be on file with the Department of Public Works, prior to

opening bids or shall be submitted with the bid; otherwise, the bid will be rejected as irregular or unauthorized.

15. COMPETITIVE BIDDING

If more than one bid is offered by an individual, firm, partnership, corporation, association, or any combination thereof, under the same or different names, all such bids may be rejected. A party who has quoted prices on materials or work to a bidder is not thereby disqualified from quoting prices to other bidders.

All bidders are put on notice that any collusive agreement fixing the prices to be bid so as to control or affect the awarding of this contract is in violation of the competitive bidding requirements of the City and may render void any contract let under such circumstances. A non-collusive affidavit is required.

16. LIQUIDATED DAMAGES

The surety which provides the bonds must be authorized by the Insurance Commissioner to transact business of insurance in California. All alterations, extensions of time, extra and additional work and other changes authorized by these specifications or any part of the contract shall be made without securing the consent of the surety or sureties on the contract bonds.

Any umbrella or excess Insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of the City of Stockton (if agreed to in a written contract or agreement) before the City of Stockton's own Insurance or self-insurance shall be called upon to protect it as a named insured.

All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Payment Bond in the amount of the self-insured retention (SIR) may be required.

The City of Stockton reserves the right to obtain a full certified copy of any Insurance policy and endorsements. Failure to exercise this right shall not constitute a waiver of right to exercise later.

Contractor shall maintain insurance as required by this contract to the fullest amount allowed by law and shall maintain insurance for a minimum of five years following the completion of this project. In the event contractor fails to obtain or maintain completed operations coverage as required by this agreement, the city at its sole discretion may purchase the coverage required and the cost will be paid by contractor.
