Statement Mailing Request

City of Stockton Ordinance Nos. 2019-02-05-1403 and 2019-11-05-1403-02 require all City utility accounts to be billed to the property owner of record.

As the property owner and account holder for City utilities, I understand that I am responsible for payment of sewer, storm drain, and/or water services. I am electing to have the monthly statement mailed to my tenant or authorized manager/agent. I understand that I will continue to be responsible for all charges, including any late penalties or fines, and that it is my responsibility to notify the City should there be any changes in ownership of this property.

I am aware that the City will not be able to discuss account changes or make payment arrangements with my tenant. I am electing to allow the City to provide the account balance and discuss bill details with my tenant. If applicable, the authorized manager/agent listed below is authorized to act on my behalf including opening the account or requesting account maintenance.

Service Address: _____

Mail Statement to (check one):

- C/O Authorized Manager/Agent OR Current Resident
Property management/agent agreement required
