1. With respect to the above referenced RFP, will the city be conducting any pre-proposal meetings or site tours? If not, are we free to visit each facility on our own?

The facilities are located in public parks. You are able to tour the exterior of each facility, the City will not be conducting job walk prior to RFP opening. If you prefer, exterior views of the pools are available via mapping tools such as Google Earth.

2. Section 3.0.5 of the RFP, Financial Statement, asks to include a balance sheet and income statement, etc. From our experience in the past, typically when this information is requested it's provide upon selection of a firm/team or during contract negotiations. Would that be possible in this case?

If your firm is among those who are short listed then the Financial Statement will be required at that time.

3. Will the selected firm/team be excluded from possible design work of the facilities in the future?

No, the firm selected for this project will not be excluded from possible design work.
