ARTICLE XX DISADVANTAGED BUSINESS ENTERPRISES (DBE) PARTICIPATION

- A. This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- B. The goal for DBE participation for this contract is 6%. Participation by DBE consultant or subconsultants shall be in accordance with information contained in the Consultant Proposal DBE Commitment (Exhibit 10-O1), or in the Consultant Contract DBE Information (Exhibit 10-O2) attached hereto and incorporated as part of the Contract. If a DBE subconsultant is unable to perform, Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- C. DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal

funds. Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US Department of Transportation-assisted agreements. Failure by Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as City deems appropriate.

- D. Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.
- E. A DBE firm may be terminated only with prior written approval from City and only for the reasons specified in 49 CFR 26.53(f). Prior to requesting City consent for the termination, Consultant must meet the procedural requirements specified in 49 CFR 26.53(f).
- F. A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing, and other relevant factors.
- G. A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- H. If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- I. Consultant shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show

- J. Upon completion of the contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report- Utilization of Disadvantaged Business Enterprise (DBE), First-Tier Subconsultants" CEM-2402F [Exhibit 17-F, of the LAPM], certified correct by Consultant or Consultant's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to Consultant when a satisfactory "Final Report- Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- K. If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the contract, the subconsultant shall notify Consultant in writing with the date of certification. Any changes should be report to City's Contract Administrator within 30 days.

The Consultant must ensure that DBEs and other small businesses have the opportunity to participate in the performance of the work that is the subject of this solicitation and should take all necessary and reasonable steps for this assurance. The proposer must not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts.
- B. Proposers are encouraged to use services offered by financial institutions owned and controlled by DBEs.

3. SUBMISSION OF DBE INFORMATION

If there is a DBE goal on the contract, Exhibit 10-O1 *Consultant Proposal DBE Commitment* must be included in the Request for Proposal. In order for a proposer to be considered responsible and responsive, the proposer must make good faith efforts to meet the goal established for the contract. If the goal is not met, the proposer must document adequate good faith efforts. All DBE participation will be counted towards the contract goal; therefore, all DBE participation shall be collected and reported.

Exhibit 10-O2 *Consultant Contract DBE Information* must be included with the Request for Proposal. Even if no DBE participation will be reported, the successful proposer must execute and return the form.

4. DBE PARTICIPATION GENERAL INFORMATION

It is the proposer’s responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Department’s DBE program developed pursuant to the regulations. Particular attention is directed to the following:

- A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).

- B. A certified DBE may participate as a prime consultant, subconsultant, joint venture partner, as a vendor of material or supplies, or as a trucking company.
- C. A DBE proposer not proposing as a joint venture with a non-DBE, will be required to document one or a combination of the following:

 - 3. The proposer, prior to proposing, made adequate good faith efforts to meet the goal.
- D. A DBE joint venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing, and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint venture commensurate with its ownership interest.
- E. A DBE must perform a commercially useful function pursuant to 49 CFR 26.55, that is, a DBE firm must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work.
- F. The proposer shall list only one subconsultant for each portion of work as defined in their proposal and all DBE subconsultants should be listed in the bid/cost proposal list of subconsultants.
- G. A prime consultant who is a certified DBE is eligible to claim all of the work in the Contract toward the DBE participation except that portion of the work to be performed by non-DBE subconsultants.

EXHIBIT 12-E PS&E CHECKLIST INSTRUCTIONS

The PS&E Checklist is to be completed by the local agency in accordance with the following instructions and attached to the PS&E Certification.

I. HIGHWAY SYSTEM AND FUNCTIONAL CLASSIFICATION**A. National Highway System**

Some PS&E requirements depend on the whether the project is on or off the National Highway System (NHS). For FHWA approved NHS maps, see http://www.fhwa.dot.gov/planning/national_highway_system/nhs_maps/

B. Functional Classification

Federal-aid eligibility, design standards as well as some PS&E requirements depend on the functional classification of the route the project is on. For more guidance see FHWA's Guidance for the Functional Classification of Highways Website at: <http://www.fhwa.dot.gov/policy/ohpi/hpms/fchguidance.cfm>.

II. PROJECT SCOPE OF WORK

Scope of work in the PS&E must be consistent with that identified in the original scoping document or application. Otherwise, appropriate approvals must have been obtained.

III. TYPE OF CONSTRUCTION

Design standards as well as some oversight responsibilities depend on the type of construction. See Section 11.1 of the LAPM for definitions.

IV. METHOD OF CONSTRUCTION**A. Contracting Method**

Unless justified by a Public Interest Finding (Exhibit 12-F *Request for Approval of Cost-Effectiveness/Public Interest Finding*), all Federal-aid construction contracts must be awarded to the lowest responsible bidder of a competitive bid process. See Section 12.4 *Method of Construction* of the LAPM for additional information.

B. Force Account (Day Labor)

A PIF (See Section 12.4 *Method of Construction* in the LAPM and Exhibit 12-F *Request for Approval of Cost-Effectiveness/Public Interest Finding*) must justify any force account construction work performed by the local agency. Check the appropriate boxes and process the PIF as required.

V. ENVIRONMENTAL ANALYSIS

The preparation of PS&E must reflect findings of the environmental analysis performed for the project. By checking the box, the agency certifies that the necessary actions called for by the environmental documents have been responded to in the PS&E. Failure to check the box will result in denial of the Request for Authorization. (See Section 12.3 *Environmental Procedures* of the LAPM for additional guidance).

VI. VALUE ENGINEERING ANALYSIS (VA)

A value engineering analysis is required for: (1) all Federal-aid highway projects on the NHS with a total estimated project cost of \$50 million or more, and (2) all bridge projects on the NHS with a total estimated project cost of \$40 million or more. (See Section 12.5 *Value Engineering Analysis* of the LAPM for additional guidance).

VII. GEOMETRIC DESIGN STANDARDS

If the project does not change existing geometrics, Section A and B do not apply and the local agency is not required to check any boxes in these sections. See Chapter 11 of the LAPM for additional guidance on geometric design standards.

A. Geometric Design Standards Used

New and reconstruction projects on the NHS shall be designed in accordance with Standards as defined in the current edition of *A Policy on Geometric Design of Highways and Streets*, published by the American Association of State Highway and Transportation Officials (AASHTO). The minimum standards for geometric design of local Federal-aid resurfacing, restoration and rehabilitation (3R) projects on the NHS are shown in Exhibit 11-A. Local geometric design standards that have been developed for use on locally funded new and reconstruction, or 3R projects off the NHS, may be used subject to the conditions listed in Chapter 11, "Design Standards." Check appropriate box only if this section applies.

B. Deviations from Controlling Criteria

The controlling criteria listed are considered to be of primary importance for highway safety, and deviations require design exception approval procedures as described in Chapter 11, "Design Standards," and Section 12.7 "Plans" of the LAPM. Check whether the criteria have been met on this project. If a design exception has been approved, indicate the approval date. Documentation shall be retained in the project files.

VIII. BRIDGE DESIGN PROCEDURES

All bridges shall be designed in accordance with the current edition of the *Caltrans Bridge Design Specifications Manual and the latest California Amendments to the AASHTO LRFD Bridge Design Specifications*. Check if requirement met, or if the project does not include any bridge construction indicate requirement does not apply.

IX. STANDARD PLANS

For projects off the State Highway System, the local agency may use Caltrans Standard Plans, Standard Plans for Public Works Construction, or subject to the conditions described in Section 11.3 *Locally Developed Design Standards* and Section 12.7 *Plans* of the LAPM.

X. PROJECT PLANS AND SPECIFICATIONS

Project plans and specifications shall be signed and stamped on behalf of the local agency by the person in responsible charge and who is a registered professional engineer licensed to practice in the State of California. (See Section 12.7 *Plans* of the LAPM).

A traffic control plan shall be included in the PS&E for all Federal-aid highway construction projects. Check boxes to indicate requirements are met. Failure to check both boxes will result in denial of the Request for Authorization.

Erosion control plans may be required, see Section 12.7 *Plans*, in the LAPM. If required, check box.

Whenever applicable, project plans and specifications will need to comply with the federal Americans with Disabilities Act (ADA) requirements 28 CFR, Part 35 or Part 36, and the *California and Local Building Codes* within the project limits. In accordance with 28 CFR Sec. 35.151, curbs ramps must meet current ADA standards if the project includes streets that are to be newly constructed or altered (includes repaving). For ADA requirements, see Chapter 11 "Design Standards," and Section 12.7 of this chapter. If ADA requirements apply and will be complied with, check box.

XI. STANDARD SPECIFICATIONS

For projects off the State Highway System, the local agency may use current *Caltrans Standard Specifications and Standard Special Provision, the Standard Specifications for Public Works Construction*, or subject to the conditions described in Section 11.3, *Locally Developed Design Standards*.

XII. FEDERAL REQUIREMENTS

A. Required Federal Contract Provisions - Ensure Exhibit 12-G *Required Federal-aid Contract Language* or equivalent provisions are in the contract. Provide page numbers if not using Current Caltrans Standard Specifications and Standard Special Provisions.

The Form FHAW-1273 must be physically inserted unmodified into the executed contract.

Provisions for liquidated damages shall be included in all Federal-aid contracts on the NHS (see Chapter 12 *Plans, Specifications & Estimate* of the LAPM for requirements).

Current Buy America regulations are discussed in Section 12.8 *Federal Contract Requirements* of the LAPM. Buy America requirements do not apply to minimal use of the material such that the cost, delivered to the project site, is less than \$2,500 or one-tenth-of-one-percent of the contract amount, whichever is greater. Buy America applies if federal dollars are used on any phase of the project.

Chapter 12 *Plans, Specifications & Estimate* of the LAPM includes information for On-the-Job Training.

B. DBE Goal

Individual DBE contract goals will be established. Complete evaluation documentation is required and shall be retained for each contract (see DBE references in the LAPM).

In some cases, the contract DBE goal may be zero due to the extremely limited subcontracting opportunities for DBEs, the lack of certified DBEs willing to work in the geographic area in which work is to be performed, or other reasons. Documentation is required verifying that the local agency has determined that a zero percent DBE goal is appropriate. Documentation must be based on the DBE contract goal methodology with the specific project-related work codes and DBEs highlighted. In some cases there may be no contract goal (which is different than zero percent goal) if, for example, the contract is sole-source or non-profit.

C. Certification/Disclosures

The certification and disclosure forms listed in Exhibit H *Sample Bid* shall be included in all Federal-aid projects. Except for the Disclosure of Lobbying form and instructions, equivalent provisions may be used. See Section 12.8 *Federal Contract Requirements* of the LAPM for more information.

D. Other Required Forms

Two forms, or their equivalents, relating to subcontractors must be included as part of the bid package. - Exhibits 15-G *Local Agency Bidder DBE Commitment (Construction Contracts)*, and 12-B *Bidder's List of Subcontractors (DBE and Non-DBE)*. Exhibit 15-H *DBE Information - Good Faith Efforts* must also be part of the bid package if the DBE goal was not met.

E. Federal Wage Rates

If payment of federal predetermined wages are required per instructions in Subparagraph B.2.a "Section IV. Payment of Predetermined Wages," they shall be physically incorporated into the final contract documents and in all related subcontracts signed by the local agency and the contractor.

Check appropriate box (i.e., Federal Wage Rates are included in the contract advertising package, referenced by the Internet Web site address, or not required) and indicate page number if applicable.

It must be emphasized that if the Internet Web site address is used in the advertising package, the final contract package upon signed by the local agency and the contractor, must physically contain the Federal Wage Rates or the Federal Wage rates as revised by addendums, if any addendums were issued.

By checking the box the local agency is indicating that they are aware of the Federal-aid “10-day rule” for federal wage rates. See Section 12.9 Required Federal Contract Provisions – Federal Wage Rates for local agency requirements under the “10-day rule.”

F. Relations with Railroad

Where construction of a Federal-aid project requires use of railroad properties or adjustments to railroad facilities, there shall be an agreement in writing between the local agency and the railroad company. The pertinent portions of the agreement applicable to any protective services required during performance of the work shall be included in the project specifications and special provisions.

Check appropriate box (i.e., provisions are included or not required). If provisions are included, indicate page number.

XIII. RESTRICTED CONTRACT PROVISIONS

Unless otherwise noted, see Section 12.10 of Chapter 12 for detailed guidance.

A. INDIAN PREFERENCES

Generally, local agencies may not use local hiring practices. However, SAFETEA-LU permits an Indian employment preference provision for projects on or near Indian reservations or Indian lands. Check the appropriate box.

B. BONDING AND PREQUALIFICATION

Bonding and prequalification procedures are not required for Federal-aid projects. However, any procedures or requirements for bonding, insurance, prequalification, qualification, or licensing of contractors shall not be used which may operate to restrict competition, prevent submission of a bid by or prohibit consideration of a bid submitted by any responsible contractor, whether a resident or nonresident of California. Check appropriate boxes, and if bonding and/or prequalification are used, check the last box to indicate the requirement will be met.

C. PRICE ADJUSTMENT CLAUSES

Price adjustment clauses may be implemented if certain conditions are met. If these clauses are used, the local agency must provide documentation of the required conditions in the project files. Check the appropriate box.

D. WARRANTY CLAUSES

Warranty clauses may be implemented if the conditions described in Section 12.12 of Chapter 12 are met. The local agency must provide documentation of the required conditions in the project files. Check the appropriate box.

E. PROPRIETARY ITEMS

The use of proprietary items is restricted as described in Section 12.12 in Chapter 12. If the use does not meet these restrictions, a Public Interest Finding justifying the use must be approved by the local agency and documented in the project files. Check the appropriate box.

XIV. MATERIALS AND EQUIPMENT

Unless otherwise noted, see Section 12.12 of Chapter 12 for details.

A. Publicly Owned Equipment (for use by Contractor)

The use of publicly owned equipment on a project going to bid must be justified with a Public Interest Finding. The local agency may approve the use provided it meets conditions described in Chapter 12. Check the appropriate box.

B. Equipment Purchases for Local Ownership

The cost of equipment purchased by the local agency or by the contractor with ownership transferred to the local agency for construction engineering is limited. Check the appropriate box.

C. Convict Produced Materials

Materials produced by convict labor may be used on any Federal-aid project if they meet certain conditions.

Check appropriate box.

D. Local Agency Furnished Materials

The use of local agency furnished materials not acquired on the basis of competitive bidding must be supported by a Public Interest Finding justifying the use (see Section 12.13 of Chapter 12). The justification must be approved by the local agency and documented in the project files. If these materials are included, check the appropriate box indicating the method of acquisition.

XV. PRELIMINARY ESTIMATE

An estimate of the contract items of work must be prepared in a format which describes the items of work, unit amount, quantity, unit price, amount, a subtotal, contingencies and a total (Exhibit 12-A *Preliminary Estimate of Cost* or equivalent). The estimate must be broken down into items sufficient in detail to meet the stated requirements. Check boxes if these requirements are met.

If the project is funded with more than one type of Federal-aid it must be segregated by fund types (see Chapter 3, "Project Authorization," of the LAPM). Check box if this requirement is met.

XVI. MAJOR PROJECTS WITH TOTAL COSTS EXPECTED TO EXCEED \$100 MILLION OR \$500 MILLION

The federal SAFETEA-LU requires that a local agency receiving an amount of federal financial assistance for "major" projects with an estimated total cost exceeding \$100 million must have a financial plan and projects exceeding \$500 million must also have a project management plan. For details of the required submittal and approval of these two plans, which are required for all "major" projects exceeding the two estimated total costs, refer to Chapter 2 "Roles and Responsibilities" of the LAPM .

XVII. LOCAL AGENCY SIGNATURE

The Federal Contract Provisions Checklist shall be signed by the person preparing the contract specifications. The checklist shall be signed even if prepared by the same person who will sign the PS&E Certification.

XVIII. CALTRANS ACCEPTANCE

Caltrans will indicate the appropriate acceptance statement based on the type of review, as described in Chapter 12, "Plans, Specifications & Estimate," of the LAPM and sign the bottom o

Bids are to be submitted for the entire work. The amount of the bid for comparison purposes will be the total of all items. The bidder shall set forth for each unit basis item of work a unit price and a total for the item, and for each lump sum item a total for the item, all in clearly legible figures in the respective spaces provided for that purpose. In the case of unit basis items, the amount set forth under the "Item Total" column shall be the product of the unit price bid and the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for a unit basis item, the unit price shall prevail, except as provided in (a) or (b), as follows:

- (a) If the amount set forth as a unit price is unreadable or otherwise unclear, or is omitted, or is the same as the amount of the entry in the item total column, then the amount set forth in the item total column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price;
- (b) (Decimal Errors) If the product of the entered unit price and the estimated quantity is exactly off by a factor of ten, one hundred, etc., or one-tenth, or one-hundredth, etc. from the entered total, the discrepancy will be resolved by using the entered unit price or item total, whichever most closely approximates percentage-wise the unit price or item total in the *CITY/COUNTY OF* _____'s Final Estimate of cost.

If both the unit price and the item total are unreadable or otherwise unclear, or are omitted, the bid may be deemed irregular. Likewise if the item total for a lump sum item is unreadable or otherwise unclear, or is omitted, the bid may be deemed irregular unless the project being bid has only a single item and a clear, readable total bid is provided.

Symbols such as commas and dollar signs will be ignored and have no mathematical significance in establishing any unit price or item total or lump sums. Written unit prices, item totals and lump sums will be interpreted according to the number of digits and, if applicable, decimal placement. Cents symbols also have no significance in establishing any unit price or item total since all figures are assumed to be expressed in dollars and/or decimal fractions of a dollar. Bids on lump sum items shall be item totals only; if any unit price for a lump sum item is included in a bid and it differs from the item total, the items total shall prevail.

The foregoing provisions for the resolution of specific irregularities cannot be so comprehensive as to cover every omission, inconsistency, error or other irregularity which may occur in a bid. Any situation not specifically provided for will be determined in the discretion of the *CITY/COUNTY OF* _____, and that discretion will be exercised in the manner deemed by the *CITY/COUNTY OF* _____ to best protect the public interest in the prompt and economical completion of the work. The decision of the *CITY/COUNTY OF* _____ respecting the amount of a bid, or the existence or treatment of an irregularity in a bid, shall be final.

If this proposal shall be accepted and the undersigned shall fail to enter into the contract and furnish the 2 bonds in the sums required by the State Contract Act, with surety satisfactory to the *CITY/COUNTY OF* _____, within 8 days, not including Saturdays, Sundays and legal holidays, after the bidder has received notice from the *CITY/COUNTY OF* _____ that the contract has been awarded, the *CITY/COUNTY OF* _____ may, at its option, determine that the bidder has abandoned the contract, and thereupon this proposal and the acceptance thereof shall be null and void and the forfeiture of the security accompanying this proposal shall operate and the same shall be the property of the *CITY / COUNTY OF* _____.

The undersigned, as bidder, declares that the only persons or parties interested in this proposal as principals are those named herein; that this proposal is made without collusion with any other person, firm, or corporation; that he has carefully examined the location of the proposed work, the annexed proposed form of contract, and the plans therein referred to; and he proposes, and agrees if this proposal is accepted, that he will contract with the *CITY/COUNTY OF* _____, in the form of the copy of the contract annexed hereto, to provide all necessary machinery, tools, apparatus and other means of construction, and to do all the work and furnish all the materials specified in the contract, in the manner and time therein

prescribed, and according to the requirements of the Engineer as therein set forth, and that he will take in full payment therefore the following prices, to wit:

EXHIBIT 15-H DBE INFORMATION —GOOD FAITH EFFORTS

DBE INFORMATION - GOOD FAITH EFFORTS

Federal-aid Project No. _____ Bid Opening Date _____

The _____ established a Disadvantaged Business Enterprise (DBE) goal of _____% for this project. The information provided herein shows that a good faith effort was made.

Lowest, second lowest and third lowest bidders shall submit the following information to document adequate good faith efforts. Bidders should submit the following information even if the “Local Agency Bidder DBE Commitment” form indicates that the bidder has met the DBE goal. This will protect the bidder’s eligibility for award of the contract if the administering agency determines that the bidder failed to meet the goal for various reasons, e.g., a DBE firm was not certified at bid opening, or the bidder made a mathematical error.

Submittal of only the “Local Agency Bidder DBE Commitment” form may not provide sufficient documentation to demonstrate that adequate good faith efforts were made.

The following items are listed in the Section entitled “Submission of DBE Commitment” of the Special Provisions:

- A. The names and dates of each publication in which a request for DBE participation for this project was placed by the bidder (please attach copies of advertisements or proofs of publication):

<u>Publications</u>	<u>Dates of Advertisement</u>

- B. The names and dates of written notices sent to certified DBEs soliciting bids for this project and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested (please attach copies of solicitations, telephone records, fax confirmations, etc.):

<u>Names of DBEs Solicited</u>	<u>Date of Initial Solicitation</u>	<u>Follow Up Methods and Dates</u>

C. The items of work which the bidder made available to DBE firms including, where appropriate, any breaking down of the contract work items (including those items normally performed by the bidder with its own forces) into economically feasible units to facilitate DBE participation. It is the bidder's responsibility to demonstrate that sufficient work to facilitate DBE participation was made available to DBE firms.

Items of Work	Bidder Normally Performs Item (Y/N)	Breakdown of Items	Amount (\$)	Percentage Of Contract

D. The names, addresses and phone numbers of rejected DBE firms, the reasons for the bidder's rejection of the DBEs, the firms selected for that work (please attach copies of quotes from the firms involved), and the price difference for each DBE if the selected firm is not a DBE:

Names, addresses and phone numbers of rejected DBEs and the reasons for the bidder's rejection of the DBEs:

Names, addresses and phone numbers of firms selected for the work above:

E. Efforts made to assist interested DBEs in obtaining bonding, lines of credit or insurance, and any technical assistance or information related to the plans, specifications and requirements for the work which was provided to DBEs:

F. Efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate:

G. The names of agencies, organizations or groups contacted to provide assistance in contacting, recruiting and using DBE firms (please attach copies of requests to agencies and any responses received, i.e., lists, Internet page download, etc.):
